IMPORTANT: Dies listed under Groups A, B, C, D, E and F are Standard Dies. RCBS Shellholder numbers do not correspond to those of other manufacturers. When two Shellholder numbers are listed, the most popular is shown first. It may be necessary to use the alternate, depending on the manufacturer and/or lot of cases being used. The numbers in () in the table indicates the following: (1) Order Shellholder by caliber. (2) Cases may be Berdan primed. Depriming and priming must be done by hand. If cases were formed from cases having boxer-type primer, use the appropriate Shellholder for the caliber. (4) Not available. (5) Auto 4x4 Shellplate not available. (6) Auto 4x4 and Five-Station Shellplates not available. (7) Use #14 for Lapua brass, #37 for Norma brass. The letter codes in the Plastic Ammo Box Size column indicate the following: SR = Small Rifle, MR = Medium Rifle, LR = Large Rifle, MP = Medium Pistol, LP = Large Pistol. ** Special order only. * Used only with Rotary Case Trimmer and Rotary Case Trimmer-2.

Since 1977
